ABOUT ME

As a Bachelor of Computer Applications (BCA) student with a strong foundation in web design and programming, I bring a diverse set of skills to the table. My experience encompasses proficiency in web design principles, alongside practical knowledge of C, HTML, and Java programming languages. I am adept at creating dynamic and userfriendly web applications, coding efficient solutions, and leveraging my technical abilities to contribute effectively to software development projects. With a passion for technology and a commitment to continuous learning, I am eager to apply my skills in a professional setting to drive innovative solutions and contribute to impactful projects.

As a Bachelor of Computer Applications (BCA) student, I possess a strong foundation in web design and programming, with expertise in C, HTML, and Java. Skilled in creating dynamic, user-friendly web applications and developing efficient coding solutions, I am eager to join your team. My passion for technology and commitment to continuous learning will contribute to innovative and impactful projects.

PROJECTS

PORTFOLIO WEBSITE

Designed and developed a personal portfolio website to showcase my skills, projects, and accomplishments. The website features a clean, modern design with a responsive layout, ensuring a seamless user experience across various devices.

Technologies Used:

HTML, CSS, JavaScript Responsive Design Bootstrap (for UI components) Key Features:

Home Page: Introduction and overview of skills and services. Projects Page: Detailed descriptions of various projects, including technologies used and challenges overcome. Contact Form: Integrated contact form for potential clients and employers to reach out.

Interactive Elements: Dynamic content and animations to enhance user engagement.

Outcome:

Successfully created a professional online presence that effectively communicates my expertise and projects, resulting in increased visibility and networking opportunities.
